Dear Customer,

With regards to the legislation relating to an import ban on iron and steel goods as outlined in “Notice to Importers (NTI) 2953” (and Article 3G of Regulation (EU) No 833/2014) which applies to any person subject to UK and EU jurisdiction.

I can confirm that we do not provide the following through our supply chain:

- Iron and steel products imported or purchased directly or indirectly from Russia as listed in Schedule 3B of (NTI) 2953.
- Products listed in Schedule 3B of (NTI) 2953 processed in a third country incorporating iron and steel products originating in Russia.
- To ensure conformity to ISO9001, we have full traceability of all products and if requested can produce mill certification showing the origins of the material.

Kind Regards

Matthew Fowle
Director
